

Experts overwhelmingly agree that education is the key to breaking the cycle of poverty.

In Africa, many children and their families go for days without food, clean water or shelter. These are families that have NO hope for the future. Let me say that again...They have NO HOPE FOR THE FUTURE. According to the United Nations, education has a larger impact than any other form of help. Evidence shows that simply sending children to school literally saves lives and breaks the cycle of poverty!

I Love Bracelets is working with FreetheChildren.com, who have established a successful and proven system (and this is key!) to provide children MORE than HOPE...

They have found a way to give them a future! Freethechildren has created a system to empower these poverty-stricken communities by bringing education, micro-loans, food, clean water and life-saving health services to them.

Here's an easy & tangible way to be a part of ending extreme poverty in our lifetime...and receive FREE jewelry as a thank you gift!

We have created the *I Love Bracelets Giving Challenge* with the goal of raising \$25,000 to adopt a village in Africa.

In addition to building a school and providing teacher education, books, desks, and initial school supplies, we also will provide immediate life-saving services, including:

- ✦ Healthcare: From mobile health clinics to lunch programs, these initiatives prevent disease and improve community health.
- ✦ Alternative Income: Micro-credit loans, skills training and small business capital empower women to better support their families.
- ✦ Water and Sanitation: Access to clean water improves health and reduces the burden of chores placed on girls, so that they can go to school and receive an education.

Today I am asking you to help us make a difference in the world, and be part of our giving challenge, by donating \$250. In exchange for your donation you will receive 25 rhinestone letter necklaces FREE.

Let your customers in on the gift of giving by selling the necklaces for just \$10. Just think of it, when they purchase the necklaces for \$10, 100% of their purchase will go to helping educate 1000's of children and ending the cycle of poverty.

Find out more about where your money is going by going to Freethechildren.com

On behalf of all the children looking forward to learning their A,B,C'S, let me thank you in advance for your generous help.
Together we really can make a difference!!!
